## Course Description

This course is intended for anyone having to package, ship, load or transport hazardous materials, substances, or hazardous wastes. This training will allow a person to correctly select the shipping name, the labels, packaging materials, correct loading and compatibility and the proper placarding for all modes of transportation. This training is for "haz-mat" handlers as defined by 49 CFR and complies with sections 173.1 and 172.704. Topics covered include: general awareness/familiarization, function-specific, training, safety and security awareness.

## Expect to Learn

- If you only store hazardous materials at your facility in their shipping containers: How to Recognize Hazardous Materials; Characteristics of Hazardous Materials; The Hazardous Materials Table; Spill Control
- If you receive hazardous materials, add: Labeling and Marking Containers of Hazardous Materials
- If you ship hazardous materials, add: Shipping Papers and Manifests; Reportable Quantities; Performance Oriented Packaging Standards

### Friendly FYI:

If the above dates and times do not fall within your timeframe, please call 858-621-2313 x.115 for information about on-site training and consulting.
